## The New Dawn for 2021 Education

How we do and where we do Education will never be the same; that is obvious. Higher Educational Leadership has been on the firing-line to pivot quickly and to provide exceptional service at the same time. Lessons Learned and Innovation Successes in 2020 along with New Innovation Priorities and Preparedness for 2021 will be discussed. What can you expect from Education for 2021?

1. Increased use of technology?
2. More personalized education and a more flexible schedule and requirements?
3. Budget repositioning?
4. Adjustment of how to measure successful outcomes?
